Welcome!

We appreciate each of you taking the time to join us this morning. On behalf of the Ohio Agricultural Council, it is my distinct pleasure to welcome you to the 60th annual celebration of agriculture and the Hall of Fame Breakfast.

The Ohio Agricultural Hall of Fame Breakfast is but one opportunity to recognize the impactful legacy of a few of those leaders of Ohio agriculture. The four Ohioans being honored today have dedicated their lives to the advancement of agriculture, shaping the very future of our industry and positively impacting the lives of countless individuals.

Ohio Ag Hall of Fame

Created by the Ohio Agricultural Council in 1966, the Ohio Agricultural Hall of Fame has now honored more than 260 agriculturists who have dedicated their lives of outstanding work to Ohio's number-one industry, agriculture.

Induction into the Ohio Agricultural Hall of Fame is Ohio's highest recognition of an individual who has made outstanding contributions to the agricultural industry. Each year, up to four prominent agricultural leaders are honored and inducted into the Ohio Agricultural Hall of Fame for their superior service, dedication, leadership, and plentiful contributions to agriculture.

Nomination and Selection

Persons wishing to nominate an individual who they believe deserving of consideration for induction into the Ohio Agricultural Hall of Fame may download a nomination form by visiting ohioagcouncil.org/hall-of-fame. Nomination forms, along with three letters of recommendation, must be submitted by March 15, 2027, in order to be eligible for consideration in 2027.

Three to five OAC members, including a former inductee, are asked to serve as the Hall of Fame selection committee. In order to retain a high degree of integrity, the identity of the members of the selection committee is kept in confidence and precautions are taken to avoid the possibility of an individual serving on the selection committee more than one time.

John Grimes

John Grimes built a career rooted in production agriculture, combining hands-on experience as a seedstock and cow-calf producer with a passion for helping others succeed. At Maplecrest Farms, he raised high-quality Angus and Simmental cattle while continually improving genetics, management practices and marketing opportunities. Through Maplecrest Meats & More, he extended that commitment from farm to fork, connecting consumers with locally raised Ohio beef and demonstrating the value of quality throughout the supply chain.

Drawing on the lessons learned on his own farm, Grimes shared practical knowledge with cattle producers across Ohio through The Ohio State University Extension. A trusted educator, mentor and industry leader, he helped strengthen every link in the beef industry by encouraging excellence in production, profitability and product quality.
